INDEX TO VOLUME 9

The star (*) preceding the page number indicates an original article in the Archives. No author entries are made except for original articles. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters, B, O and S, respectively.

PAGE

Abscess, brain, ventilation of evacuated cavities of 460
lung *326
lung, following tonsillectomy; report of case treated bronchoscopically..... 588
multiple brain, acute mastoiditis accompanied by lateral sinus thrombosis and. 231
posttonsillectomic, of lung..... 361
retropharyngeal 689
septum 459
Actinomycosis, of lung.....*330
Adenoids, and tonsils.....*550
Agranulocytosis: See Angina, agranulocytic
Alper, I. I.: New laryngologic phantom devised by Franz Halsinger, M. D., Vienna *645
Anesthesia, colonic..... 118
conduction, explanation of accidents in, in fossa pterygopalatina..... 224
nitrous oxide, and tonsillectomy..... 117
Angina, agranulocytic.....106, *256
Ludwig's 705, 706
Plaut Vincent's, etiology and etiological treatment 347
Antrum, cancer of..... 111
mucoperiosteal elevator for use in radical operation on..... 444
tumors of *447
Aorta, in relation to esophagoscopy..... 362
Aphasia, following gunshot wound of neck; report of case..... *57
Aphonia, following gunshot wound of neck; report of case..... *57
hysterical, disappearance following diagnostic bronchoscopy..... 361
Arteries, auditory, certain proof of vasoconstrictor processes of, during caloric irritation of labyrinth..... 569
carotid, treatment for experimental pneumococcus meningitis *509
internal maxillary, ligature of..... 349
Asthma, nose and throat in.....*612
Atelectasis: See Lung
Audiometer 352

Audiometer—Continued PAGE
2A, percentage chart for.....*442
and aids to hearing..... *63
Aurograph, of Kuro..... 345

Barlow, R. A.: The neuromuscular mechanism of hearing.....*645
Becker, B. M.: Simple method for exposing malingering in unilateral deafness *440
Blood, sedimentation rate, in acute otitis media and its complications..... 622
Brain, abscess, ventilation of evacuated cavities of..... 460
lesions, new vestibular complexes for localization of..... 462
Breathing, importance of, in treatment of speech disorders.....*434
Bronchi, anatomic variations of normal tracheobronchial tree.....*404
asthmatic symptoms due to granulomas of both main bronchial orifices complicated by cicatrical stenosis of left main bronchus..... 362
benign neoplasms of; report of case of bronchoscopic removal of a fibroma from left main bronchus.....*376, 587
cancer of..... .*329
fibrolipoma of.....*330
foreign body in, rare case..... 109
stenosis *329
tuberculosis of, following abscess of lung after tonsillectomy..... 587
Bronchoscopy *318
abscess of lung following tonsillectomy, treated bronchoscopically..... 588
and disease; a brief résumé..... 360
demonstration of Jackson technic of bronchoscopic aspiration..... 362
diagnostic, hysterical aphonia, disappearance of, following..... 361
in diagnosis.....*329
removal of a fibrolipoma from left main bronchus *376
some observations in..... 112
Browder, J.: Osteoma of frontal sinus...*297
Brunner, H.: Clinical significance of spontaneous nystagmus..... *1
Bunch, C. C.: Age variations in auditory acuity *625
Campbell, D. M.: Stenosis of nasolacrimal passageways; resulting pathologic condition and its treatment.....*367
Cancer: See under names of Organs and Regions

PAGE

Cannula, Hartmann's bent tympanic, roentgenographic control experiments of effects of, in typical cholesteatoma suppurations of the ear..... 345
new, irrigation and suction, for frontal maxillary and sphenoidal sinuses..... *57

Carter, J. M.: Stenosis of nasolacrimal passageways; resulting pathologic condition and its treatment.....*367

Cholesteatoma, pathogenesis of.....*597
primary, of temporal bone..... 684

Chondritis, and perichondritis of larynx with report of case..... 465

Clerf, L. H.: Peroral endoscopy.....*318

Cochlea, isolated fractures of, in fractures in base of skull..... 572

Cox, G. H.: Tuberculosis of middle ear..*414

Cretinism, experimental, histopathology of nose and throat in..... 694

Cysts, blood, so-called, of orbit..... 221

Czermak, Johann Nepomuk, centenary of..*425

Davis, J. D.: Anatomic variations of normal tracheobronchial tree.....*404

Deaf-Mutism, and education of deaf..... *61

Deafness, deaf-mutism and education of deaf *61
plans of American Otological Society to prevent 451
progressive, otosclerosis and diseases of labyrinth *659
reasons for, and results of operation for. 342
unilateral, method for detection of simulation of..... 104
unilateral, simple method for exposing malingering in.....*440

Delavan, D. B.: The centenary of Johann Nepomuk Czermak.....*424

Dick Test: See Scarlet Fever

Dickie, J. K. M.: Progressive deafness, otosclerosis and diseases of labyrinth a review of literature of 1928.....*659

Drugs, response of vestibular apparatus to. 696

Druss, J. G.: Pathways of infection in labyrinthitis; report of 3 different types *392

Dutrow, H. V.: Tonsillectomy, modified and original technic.....*528

Dwyer, J. G.: Tuberculosis of middle ear..*414

Ear, anatomy and physiology of.....*188
comments on article of Krainz..... 455
diseases of, incidence of nasal sinusitis with; 100 cases in children.....*159
middle, cavities, experiences with primary skin transplantations in, on which radical operation has been performed.. 570
middle, malignant growth involving....*602

Ear—Continued PAGE
middle, physiology of cochlear and.....*195
middle, rolling up of meatal tube as plastic in radical operation on..... 453
middle, suppuration, acute mastoiditis and their complications, bacteriology and clinical course of..... 346
middle, syphilitic conditions of..... 673
middle, treatment of acute infections of, and prevention of mastoiditis.....*185
middle, tuberculosis of.....*414
right, pigment anomaly of right auricle the mucous membrane of tympanic cavity and pharynx (pigmented hemangioma) 343

Edema, angioneurotic, of esophagus..... 576

Endoscopy, in children, observations..... 589
treatment of pulsion diverticulum..*266, 579

Enteritis, etiology of, associated with mastoiditis in infants..... 102

Erysipelas, facial, following tonsillectomy..*534

Esophagoscopy, the aorta in relation to.... 362

Esophagus, angioneurotic edema; urticaria and herpes of..... 576
cancer, delayed exitus in case of..... 585
cancer, multiple primary of larynx and; report of case.....*154
blastomycosis of.....*341
congenital atresia of, with tracheoesophageal fistula.....*267, 583
congenital stenosis of.....*340
endoscopic treatment of pulsion diverticulum *266, 579
lupus of.....*441, 577
perforations of; report of 6 cases..... 693
pouch of.....*547, 578

Ether, intratracheal..... 116

Ethmoid Sinus, an antro-ethmosphenoidal operation *271

Eustachian Tube, open.....*494

Exophthalmos, relapsing, from frontal sinus empyema with formation of folds in retina 458

Exostosis, formations in nasal accessory cavities and mastoid process..... 107

Eyeball, formation of folds in retina through pressure on..... 681
mucocele of frontal sinus with fold formation of..... 682

Fenton, R. A.: Present status of intranasal operations for relief of involvement of optic nerve.....*637

Fetterolf, G.: A comparison of outlines of frontal sinus in vivo as shown by transillumination and roentgen ray...*181

Figi, F. A.: Carcinoma of larynx in young *386

PAGE

Forbes, H. H.: Lupus of esophagus.....*441
Foreign Bodies, bone, in lung..... 362
in air and food passages.....*333
in bronchus; rare case..... 109
in nose and mastoid..... 707
in upper respiratory tract, diagnosis of, by virtue of changes in lung..... 350
roentgen observations on safety pins as *245, 547
Fowler, E. P.: Incidence of nasal sinusitis with diseases of ear.....*159
Frontal Sinus, conservative modifications of Lothrop external operation.....*501
empyema, with formation of folds in retina 458
in vivo, comparison of outlines of, as shown by transillumination and roentgen rays *181
mucocele of, with fold formation of eyeball 682
osteoma of frontal sinus.....*297
Furunculosis, of external auditory canal, mastoid infection following..... 705

Garvey, J. L.: Right hemiplegia, aphasia and aphonia following gunshot wound of neck; report of case..... *57
Glassburg, J. A.: Importance of breathing in treatment of speech disorders.....*435
Grandenigo's Syndrome: See Otitis Media
Greenfield, S. D.: Gradenigo's syndrome...*171

Hagens, E. W.: Malignant growth involving both middle ears; report of case with autopsy.....*602
Hansel, F. K.: Malignant tumors of nasopharynx *12
Tonsils and adenoids.....*550
Hart, V. K.: Sedimentation rate in acute otitis media and its complications....*622
Hearing, auditory acuity, age variations in *625
conditions of, found in 27,978 Chicago public school children..... 686
functional examination of..... *61
neuromuscular mechanism of.....*645
paracusis willisi *73
remarks on the auditor and theories of.. 114
Hemangioma, pigmented, anomaly of right auricle, the mucous membrane of tympanic cavity and pharynx..... 343
Hemiplegia, right, following gunshot wound of neck; report of case..... *57
Herpes, of esophagus..... 576
Hollender, A. R.: Delayed healing of septal resections due to Vincent's infection report of 3 cases.....*422

PAGE

Imperatori, C. J.: Endoscopic treatment of pulsion diverticulum; a further report.*266
Instruments: See also under Cannula; Trocar
Instruments, improved method in bronchoscopic lighting applied to Jackson type of..... 574
mucoperiosteal elevator for use in radical operation on antrum.....*444
new, frontal sinus rasp..... *60
Iodized Oil, an introducer for, in lung mapping 575
Ivy, A. C.: Physiology of vestibular nystagmus *123

Kirch, W.: Tumors of nose and throat....*445
Kolmer, J. A.: Chemotherapy and serum therapy of pneumococcus and streptococcus meningitis; cerebral-cisternal-spinal lavage method of treatment for septic meningitis *428
Chemotherapy and serum therapy of pneumococcus and streptococcus meningitis; the intracarotid treatment for experimental pneumococcus meningitis..*509

Labyrinth, bony, of new-born infant and adult *175
certain proof of vasoconstrictor processes of auditory artery during caloric irritation of..... 569
clinical observations.....*214
physiology of.....*200
progressive deafness, otosclerosis and diseases of.....*659
remnants after destruction of..... 219
Labyrinthitis, artificial, in guinea pig.... 219
pathways of infection in; report of 3 differents types.....*392
Lacrimal Organs, stenosis of nasolacrimal passageways; resulting pathologic condition and its treatment.....*367
Laryngitis, membranous, and tracheitis, with staphylococcus aureus-hemolyticus 580
Larynx, cancer, early diagnosis and treatment 226, *237
cancer, multiple primary, of esophagus and; report of case.....*154
chondritis and perichondritis of, with report of case..... 465
model of..... 571
new laryngologic phantom by Franz Haslinger *645
physiology of organ of human voice.... 455
postdiphtheritic stenosis of cicatrices of, in children, and their treatment..... 456
stenosis of; new method of surgical treatment *473

Larynx—Continued PAGE
stenosis, with special reference to methods of treatment and results..... 360
sulcus flottideum (Citelli) bilateral..... 680
tumors of.....*448
value of Dick scarlet fever intracutaneous test for laryngorhinologic patients.... 225
Lemere, H. B.: A percentage chart for 2A audiometer.....*442
Leptothricosis, of oral cavity..... 110
Lungs, abscess.....*326
abscess, after tonsillectomy, tuberculosis of bronchus following..... 587
abscess, posttonsillectomic..... 361
actinomycosis of.....*330
atelectasis *330
diagnosis of foreign bodies in upper respiratory tract by virtue of changes in. 350
foreign bodies in..... 362
mapping, an introducer for iodized oil in 575
suppuration of.....*319
Lupus, of esophagus.....*441, 577

Mackenty, J. E.: Laryngeal cancer; early diagnosis and treatment.....*237
Madden, B.: Chemotherapy and serum therapy of pneumococcus and streptococcus meningitis; cerebral-cisternal-spinal lavage method of treatment for septic meningitis.....*428
Chemotherapy and serum therapy of pneumococcus and streptococcus meningitis; intracarotid treatment for experimental pneumococcus meningitis.....*509
Manges, W. F.: Roentgen observations on safety-pins as foreign bodies.....*245
Mastoid, and nose, foreign bodies in..... 707
infection following furunculosis of external auditory canal..... 705
influence of traction of muscle on origin and growth of..... 342
modified radical operation on.....*135
suction *251
Mastoiditis, acute, accompanied by lateral sinus thrombosis and multiple brain abscess 231
acute, middle ear suppurations and their complications; bacteriology and clinical course of..... 346
acute, resorption of bone in..... 571
in infants, etiology of epidemic of enteritis associated with..... 102
shrinking pictures in Sharpey's fibers and comments on..... 569
treatment of acute infections of middle ear and prevention of.....*185
trigeminal disturbances of otitic origin.. 688
Maxillary Sinus, latent disease of..... 348

PAGE
Meckel's Ganglion, sphenopalatine ganglion, microscopic changes in, with special consideration of atrophic rhinitis..... 680
Meltzer, P. E.: Anatomy and physiology of ear; review of literature from October, 1927 to October, 1928.....*188
Ménière's Disease, pathogenesis of..... 678
Meningitis, cerebral-cisternal spinal lavage method of treatment for septic meningitis; intracarotid treatment of experimentally produced pneumococcus meningitis 229
otitic, subarachnoid spaces in relation to *40
pneumococcus and streptococcus, chemotherapy and serum therapy of.....*509
septic, cerebral-cisternal-spinal lavage method of treatment for.....*428
Metzenbaum, M.: Replacement of lower end of dislocated septal cartilage versus submucous resection of dislocated end of septal cartilage.....*282
Miller, J.: Facial erysipelas following tonsillectomy; report of case.....*534
Miller, J. W.: Irrigation and suction cannulas, new and modified for frontal maxillary and sphenoidal sinuses..... *59
Morrison, W. W.: A new aid in technical instruction *543
Morse, S.: An operating and visualizing sinuscope; preliminary report.....*313
Mosher, H. P.: Pouch of the esophagus..*547
Mouth, fusospirillary infection of, in children 108
Moving Pictures, new aid in technical instruction; use of still film in place of lantern slide..... 542
Mucocele, of frontal sinus with fold formation of eyeball..... 682
Muscles, neuromuscular mechanism of hearing *645
Myerson, M. C.: Benign neoplasms of bronchus; report of case of bronchoscopic removal of a fibrolipoma from left main bronchus.....*376
Myxedema, clinical picture in, of ear, nose and throat; 6 cases..... 108

Nasopharynx, malignant tumors of..... *12
tumors of.....*445
Nerves, abducens paralysis, in course of otitis media.....*679
neuromuscular mechanism of hearing..*645
optic, present status of intranasal operations for relief of involvement of.....*637
trigeminal disturbances of otitic origin.. 688
Nervous System, rôle of in otology.....*209
Neuritis, optic..... 571
retrobulbar optic.....220, 221
